DYNE-A-CAM® ROLLER CAM LITERATURE INTRODUCED

Brecksville, OH—Hyson Products has issued a new data sheet of the latest generation of the Dyne-A-Cam® roller cam, now with three models engineered for a minimum service life of one million cycles. The roller cams are ideal for piercing and flanging operations. Hyson Products is a division of Associated Spring, a business unit of Barnes Group Inc. (NYSE:B)

The colored data sheet details three Dyne-A-Cam roller cam models that offer a range of piercing forces: RC2-30 at 30 kN (3.37 tons), RC2-50 at 50 kN (5.62 tons), and RCP2-150 at 150 kN (16.86 tons). Included on the two-sided sheet are features, design details, information on punch location and attachments, mounting options, dimensions and specifications, and ordering information.

In addition to the Dyne-A-Cam Series of cams, Hyson Products designs and manufactures Nitro-Dyne® XP manifold systems and

accessories, Super Tanker® high performance gas springs with dynamic lubrication, T2 standard gas springs, T3 gas springs with the highest force and shortest height available today, and the DRAC® Series of delayed return manifolds in an ISO 9001:2000 certified facility.

Barnes Group Inc. (www.barnesgroupinc.com) is a diversified international manufacturer of precision components and assemblies and a distributor of industrial supplies, serving a wide range of markets and customers. Founded in 1857 and headquartered in Bristol, Connecticut, Barnes Group consists of three businesses with 2003 sales of \$891 million: Associated Spring, one of the world's largest manufacturers of precision mechanical and nitrogen gas springs and a global supplier of retaining rings and injection-molded components; Barnes Aerospace, a manufacturer and repairer of highly engineered assemblies and components for commercial and military aircraft engines, airframes, and land-based industrial gas turbines; and Barnes Distribution, an international, full-service distributor of maintenance, repair and operating supplies. Over 5,900 dedicated employees at more than 50 locations worldwide contribute to Barnes Group Inc.'s success.
