FOR IMMEDIATE RELEASE
July 31, 2005

NEW T3 GAS SPRING SERIES BROCHURE
DETAILS 11 MODELS

Brecksville, OH—Hyson Products introduces new literature on the T3 Series of nitrogen gas springs that terminate high tooling costs. Hyson Products is a division of Associated Spring, a business unit of Barnes Group Inc. (NYSE:B)

The 32-page brochure details all 11 models in the series, from the T3-170 to the T3-9500, offering a range of contact forces from 380 lbs. to 21,400 lbs., and diameters from $\frac{3}{4}$ inch to 6 inches. The literature provides product specifications, dimensional data, force charts and ordering information on each model. Also featured are T3 accessories including a service gauge assembly, charge fittings, nitrogen charging assembly, seal kits, tool kits, and a valve removal and installation tool.

Hyson Products designs and manufactures Super Tanker® high performance gas springs, and T2 and T3 standard gas springs; Nitro-Dyne® XP manifold systems and accessories; the Dyne-A-Cam® Series of cams, and the DRAC® Series of delayed return manifolds in an ISO 9001-2000 certified facility.

Barnes Group Inc. (www.barnesgroupinc.com) is a diversified international manufacturer of precision metal components and assemblies and a distributor of industrial supplies, serving a wide range of markets and customers. Founded in 1857 and headquartered in Bristol, Connecticut, Barnes Group consists of three businesses with 2004 sales of \$994.7 million: Barnes Distribution, an international, full-service distributor of maintenance, repair, operating and production supplies; Associated Spring, one of the world's largest manufacturers of precision mechanical and nitrogen gas springs and a global supplier of retaining rings, reed valves, shock discs, and injection-molded plastic components; and Barnes Aerospace, a manufacturer and repairer of highly engineered assemblies and components for commercial and military aircraft engines, airframes, and land-based industrial gas turbines. Over 5,900 dedicated employees at 60 locations worldwide contribute to Barnes Group Inc.'s success.
